

Workers Compensation Quick Reference Guide

If an injury occurs:

Gather as much information pertaining to the injury utilizing the Workers Compensation Reporting [Checklist](#). The supervisor should report the claim to OneBeacon as soon as possible:

Phone: **800.203.9600** (workers compensation claims only) or **877.248.3455** (any claim)
Fax: 800.224.4416 | Email: wclosses@onebeacon.com

Instructions regarding medical care following an injury:

- If the injury is life-or limb-threatening the employee should go directly to the nearest emergency room.
- If the injury is not life-or limb-threatening, the supervisor should report the injury as indicated above to initiate the claims process.
 - To find occupational health physicians that are located within the workers compensation network visit: workerscomp.onebeacon.com/costcontainment
- TIP: It is always best to use an in-network provider versus an out-of-network provider.
- Provide the employee with the workers compensation information [guide](#) with medical billing information.

To get a prescription filled following medical care:

At the time of injury, provide the employee with a First Fill pharmacy card. If an employee needs a prescription after seeing the physician, the employee should contact the number listed on the form and then present the information to the pharmacist. The employee will receive information regarding the pharmacy program after the claim is reported.

To locate a nearby pharmacy, contact the phone number on the pharmacy card or visit: workerscomp.onebeacon.com/costcontainment for additional information.

This material is intended as a general description of certain types of insurance coverages and services. Coverages and availability vary by state; exclusions and deductibles may apply. Please refer to the actual policies or consult with your independent insurance advisor for descriptions of coverages, terms and conditions. Some coverage may be written by a surplus lines insurer through a licensed surplus lines broker. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
